

QUINTA DA FONTE SOUTO

P O R T A L E G R E

QUINTA DA FONTE SOUTO

Quinta da Fonte Souto is a new wine project by the Symington family in the fascinating sub-region of Portalegre in the Alto Alentejo. It is our first estate outside the Douro region, after 135 years and 5 generations.

Forty-three of our 207 hectares are planted in vineyards, in addition to the substantial chestnut groves, from whence the name "souto" derives. An additional 100 hectares are forested, a third of which is dedicated to the quintessential *Alentejano* cork oak.

Quinta da Fonte Souto guests can visit the vineyard, the barrel warehouse, the old kitchen and typical regional canteen before enjoying a wine tasting.

Throughout the relaxing vineyard hikes, guests will delight in the remarkable vistas of the neighboring Serra de São Mamede Nature Park, and may also opt for a picnic of regional products.
